

I am writing in support of keeping K-LOVE broadcasting on 106.7FM. K-LOVE is a wonderful blessing to local families, broadcasting Christian music which promotes family-values and has a positive, encouraging impact on our community. I believe the local community would suffer if K-LOVE were replaced by some other type of broadcasting on this frequency. I know many (including myself) who are uplifted daily by this music. PLEASE do not remove K-LOVE from the 106.7 frequency.
